

Bright Spots in Kitchen Appliances

It's never been more important to understand what's selling, where, and at what price. That's why we've expanded our **Retail Tracking Service** to give you the most comprehensive view of major appliances in the U.S. Our data now reports on all brands in the industry, including laundry and new kitchen categories and subcategories. **Take a closer look at what our expanded coverage shows ...**

New technologies and buying behaviors are driving unprecedented changes in retail. Our enhanced Retail Tracking Service provides the insights you need to capture share and stay competitive in the marketplace.
